	Amendments (w Tracked Changes).pdf

#### Gloria and Wade,

Attached please find a draft of the changes to the District's Indigent Care Policy that will be considered at the upcoming public hearing. It is going to be my recommendation at the hearing and the Board meeting that the District submit these proposed changes but not adopt them on Wednesday. Thereafter, I am going to recommend having a second public hearing thirty (30) days after the initial public hearing so any interested residents will have to review and be able to provide substantive feedback. This time will also be used to submit the proposed changes to the State and to get their input.

While the proposed changes appear to be extensive, a large part of the additions is clarifying types of "income" and "resources". I was asked by someone whether the reason the District was making changes was to make the Indigent Healthcare Assistance Program ("Program") more difficult to join. The answer is definitely "no". The proposed policy does not change any eligibility requirements, such as the poverty level of 150%, residency requirements, etc. Instead, the changes to policy provide 1) the District with remedies for various actions; 2) accountability measures; 3) employment incentives, and 4) makes changes consistent with how the program is being administered. Some highlights of the substantive changes and additions are as follows:

- 1. Penalties for fraud/misrepresentation
- 2. Penalties for Drug and Alcohol abuse;
- 3. Penalties for disruptive behavior
- 4. Penalties for failure to notify the District of changes in situations that may affect eligibility;
- 5. Ability to perform background checks and credit checks;
- 6. Requirements for participants to be employed or seek employment through Texas Workforce Commission (with exceptions):
- 7. Converts of eligibility review from one year to six months;
- 8. Specifies several medical conditions or procedures that are not included in the policy without District approval, including drug and alcohol rehabilitation or healthcare resulting from drug abuse;
- 9. Provisions to establish that an Applicant cannot have Resources above \$2,000.00 per month and qualify per Chapter 61 of the Health and Safety Code; and
- 10. The addition of several new forms and acknowledgements for fraud/misrepresentation and background checks.

Again, the goal in making these changes is to help the District police the Program and to make it consistent with how the Program is being administered. The District looks forward to receiving everyone's input.

Sincerely,

Hubert Oxford, IV Benckenstein & Oxford, L.L.P. 3535 Calder Avenue, Suite 300 Beaumont, Texas 77706 (409) 951-4721 Direct (409) 351-0000 Cell (409) 833-8819 Fax

  - 3. The resources of all Household members are considered.

- 4. A Household must pursue all resources to which the Household is legally entitled unless it is unreasonable to pursue the resource. Reasonable time (at least three months) must be allowed for the Household to pursue the resource, which is not considered accessible during this time.
- 5. Resource Restrictions:
  - a. A Household is not eligible if their total countable resources exceed the limit on or after the first interview date or the process date for cases processed without an interview.
  - b. In determining eligibility for a prior month, the Household is not eligible if their total countable resources exceed the limit anytime during the prior month.
  - <u>c.</u> The applicant must not be eligible or potentially eligible for any other resource. Example: Medicaid, Medicare, Insurance, group health insurance, VA Veteran medical benefits, or any other source. MCHD's Medical Assistance Plan is payor of last resort!

- iii. Accept the household's estimate of the value of a vehicle no longer listed on an automotive buying resource website unless it is questionable and would affect the household's eligibility. In this case, the household must provide an appraisal from a licensed car dealer or other evidence of the vehicle's value, such as a tax assessment or a newspaper advertisement indicating the sale value of similar vehicles.
- iv. Determine the value of new vehicles not listed on an automotive buying resource website by asking the household to provide an estimate of the average trade-in or wholesale value from a new car dealer or a bank loan officer. I'm writing this column on April 1st and I know that some of you may not be reading it for 10 days, but don't let that stop you from having fun and giving some of your friends a little jousting every once in a while .... as long as you don't go too far with the joke. I think that the weather has played a pretty good joke on all of us by making us believe that Winter was over and Spring was actually here. It was in the 30's this morning at my place and quite frankly that's a little too cold for Spring. We have at least one more little cold snap to go through before we get that one month of Spring and then

hat the glasses were even here, much less that she icked them out. A short ision test proved to be the ght pair and all is good. The guy that was on the hission trip was telling this tory to another Lion at a neeting back in South Texas fter he returned and the ellow that he was telling he story to said that it very ell could have been his aughter's glasses as that was he exact prescription that he requires. The mission trip uy told the other Lion " but, ou don't live in the Conroe rea, how could that happen". The Lion from South Texas aid "No, I don't live in that

area, but my daughter lives in Huntsville". Now folks, sometimes it's the little things that make the world go around. Think about it for just a second. Somebody in Huntsville donates a pair of used glasses to the Lions Club and those glasses get recycled. A guy takes them and several hundred other pair on a mission trip and they help a little seven year old girl have correct vision. He then returns to the states and tells the story to the father of the person that donated the glasses. There is a whole lot of things that had to line up for that scenario to happen. So just remember, it's the little things that we all need to do and we probable never have a clue as to what impact that we are making on the world, but we need to continue to do those things. Go out and do something little today. Till next time, I'm..... Wade in the Shade.

One of the pitfalls of a11 publishing the same article lio in three different papers each as week is the allocation of for space. One of my editors is screaming at me already about far making my column as short ed. as I can because she is tight ne on space for this week and dy another editor is asking me to ng stretch it out as long as I can ith because she has a lot of room tal to fill. I haven't heard from the 'n third one and probably won't FII because she just goes with the of flow and handles whatever is ve thrown at her. The first one ast threatened to cut off my article old and shorten it to fill the space the that she had and then when I

best fishing weather, but I'm sure we will give it a try. So I'll close on a Sonic note ..... I haven't complained about a Sonic Drive Thru situation lately, but I just can't let this one go without saying something. I pull into the drive thru last week and to my surprise there was only one car in front of me and I thought that this is good and I'll be out of here in a flash ..... not so much .... The person in the car in front of me was ordering and was taking forever to get their order correct. At this point I had rolled down my window and I couldn't hear the person in the car, but I could hear the Sonic order taker. Finally, this long string of items was repeated to the driver and confirmation that it was correct was given. The total was \$37.65..... Why do you order \$37.65 in the drive thru???? They pull

up to the window and I order my usual Route 44 Diet Coke and pull up behind them, but leaving a little space so that when the carhop brings my drink out the side door, I can leave without having to wait on the people in front of me. I wait, and I wait, and no side door drink. Finally, they start handing food to the car in front of me, and they continue to hand stuff....bags, ice cream cones, more bags. but only one drink. Now, I'm thinking ..... all of this food for five or six people in the car and only one drink, what's that about. They finally get their \$37.65 worth of stuff and pull up a little. I get my drink and pull up and I can now see around the front of Sonic and there is a line of cars for the drive thru wrapped all of the way around the building. The people in the car in front of me turn left and head back

To the Board of Directors and Management Winnie-Stowell Hospital District Winnie, Texas

We are pleased to confirm our understanding of the services we are to provide Winnie-Stowell Hospital District (the "District") for the year ended December 31, 2018. We will audit the financial statements of Winnie-Stowell Hospital District, which comprise the statement(s) of net position as of December 31, 2018, the related statements of revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement Winnie-Stowell Hospital District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to Winnie-Stowell Hospital District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by U.S. generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1) Management's Discussion and Analysis.

#### **Audit Objective**

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and will include tests of the accounting records and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of the District's financial statements. Our report will be addressed to the Board of Directors and Management of the District. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or may withdraw from this engagement.

## Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the District or to acts by management or employees acting on behalf of the District.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards. In addition, an audit is not designed to detect immaterial misstatements, or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

## Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the District and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

## Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion.

The auditors' procedures do not include testing compliance with laws and regulations in any jurisdiction related to Medicare and Medicaid antifraud and abuse. It is the responsibility of management of the District, with the oversight of those charged with governance, to ensure that the District's operations are conducted in accordance with the provisions of laws and regulations, including compliance with the

provision of laws and regulations that determine the reported amounts and disclosures in the District's financial statements. Therefore, management's responsibilities for compliance with laws and regulations applicable to its operations, include, but are not limited to, those related to Medicare and Medicaid antifraud and abuse statutes.

## **Other Services**

We will also assist in preparing the financial statements of the District in conformity with U.S. generally accepted accounting principles based on information provided by you. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

## **Management Responsibilities**

Management is responsible for designing, implementing, and maintaining effective internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with U.S. generally accepted accounting principles.

Management is also responsible for making all financial records and related information available to us and for the accuracy and completeness of that information. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the District involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the District complies with applicable laws and regulations.

You are responsible for the preparation of the supplementary information in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains and indicates that we have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

You agree to assume all management responsibilities for financial statement preparation services and any other nonattest services we provide; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

#### **Engagement Administration, Fees, and Other**

We understand that your employees will prepare all cash, accounts receivable, or other confirmations we request and will locate any documents selected by us for testing.

We expect to begin our audit in April 2019 and to issue our reports no later than the August 2019 Board meeting. Tommy L. Davis, CPA is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

Billings are rendered monthly so that you may readily relate our charges to the work performed. In addition to billed charges, billings will include travel, printing, postage, and other out-of-pocket costs. Each invoice is payable upon receipt. Past due invoices must be current before an audit report can be rendered due to possible independence conflicts. If we elect to terminate our services for nonpayment, our engagement will be deemed to have been completed upon written notification of termination, even if we have not completed our report. You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based of anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. You may request that we perform additional services not addressed in the engagement letter. If this occurs, we will communicate with you regarding the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services, our services will continue to be governed by the terms of this engagement letter.

We appreciate the opportunity to be of service to Winnie-Stowell Hospital District and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

**Commented [HOI1]:** Can we add this like we did last year? It will save us a month if we do it on the front end. They are not saying you are limited to \$25,000.00 but they are asking that you give them notice of extra expenses.

Over the last 5 years as a group we have been involved with many contracts to service the communities in southeast Texas. Most of our contracts have been with government agencies in areas of substance abuse and cognitive behavioral groups. Some work was done specifically with children a few years ago when we had a local office in Woodville, Tyler county, Texas. Several of our therapists have individual contracts with area school districts and provide inschool counseling for students in that district.

This information addresses the most frequently asked questions about play therapy, a mental health modality practiced by thousands of licensed mental health professionals within and outside of the United States. Much of the information provided is descriptive and foundational to play therapy.

Glossary of Play Therapy Term (https://a4pt.site-

ym.com/resource/resmgr/Publications/Glossary\_of\_Play\_Therapy\_Ter.pdf)s (https://a4pt.siteym.com/resource/resmgr/Publications/Glossary\_of\_Play\_Therapy\_Ter.pdf) (https://a4pt.siteym.com/resource/resmgr/Publications/Glossary\_of\_Play\_Therapy\_Ter.pdf), initiates the development of a play therapy specific glossary of terms (Schaefer & Peabody).

#### Why Play?

In recent years a growing number of noted mental health professionals have observed that play is as important to human happiness and well-being as love and work (Schaefer, 1993). Some of the greatest thinkers of all time, including Aristotle and Plato, have reflected on why play is so fundamental in our lives. The following are some of the many benefits of play that have been described by play theorists.

Play is the child's language and ...

y is a fun, enjoyable activity that elevates our spirits and brightens our outlook on life. It expands selfexpression, self-knowledge, self-actualization and self-efficacy. Play relieves feelings of stress and boredom, connects us to people in a positive way, stimulates creative thinking and exploration, regulates our emotions, and boosts our ego (Landreth, 2002). In addition, play allows us to practice skills and roles needed for survival. Learning and development are best fostered through play (Russ, 2004).

#### Why Play in Therapy?

Play therapy is a structured, theoretically based approach to therapy that builds on the normal communicative and learning processes of children (Carmichael, 2006; Landreth, 2002; O'Connor & Schaefer, 1983). The curative powers inherent in play are used in many ways. Therapists strategically utilize play therapy to help children express what is troubling them when they do not have the verbal language to express their thoughts and feelings (Gil, 1991). In play therapy, toys are like the child's words and play is the child's language (Landreth, 2002). Through play, therapists may help children learn more adaptive behaviors when there are emotional or social skills deficits (Pedro-Carroll & Reddy, 2005). The positive relationship that develops between therapist and child during play therapy may also be used to promote cognitive development and provide insight about and resolution of inner conflicts or dysfunctional thinking in the child (O'Connor & Schaefer, 1983; Reddy, Files-Hall, & Schaefer, 2005).

#### What Is Play Therapy?

... toys are the child's words!

Initially developed in the turn of the 20th century, today play therapy refers to a large number of treatment hods, all applying the therapeutic benefits of play. Play therapy differs from regular play in that the therapist helps children to address and resolve their own problems. Play therapy builds on the natural way that children learn about themselves and their relationships in the world around them (Axline, 1947; Carmichael, 2006; Landreth, 2002). Through play therapy, children learn to communicate with others, express feelings, modify behavior, develop problem-solving skills, and learn a variety of ways of relating to others. Play provides a safe psychological distance from their problems and allows expression of thoughts and feelings appropriate to their development..

APT defines play therapy as "the systematic use of a theoretical model to establish an interpersonal process wherein trained play therapists use the therapeutic powers of play to help clients prevent or solve psychosocial difficulties and achieve optimal growth and development."

#### How Does Play Therapy Work?

Children are referred for play therapy to resolve their problems (Carmichael; 2006; Schaefer, 1993). Often, children have used up their own problem solving tools, and they misbehave, may act out at home, with friends, and at school (Landreth, 2002). Play therapy allows trained mental health practitioners who specialize in play therapy, to assess and understand children's play. Further, play therapy is utilized to help children cope with difficult emotions and find solutions to problems (Moustakas, 1997; Reddy, Files-Hall, & Schaefer, 2005). By confronting problems in the clinical Play Therapy setting, children find healthier solutions. Play therapy allows children to change the way they think about, feel toward, and resolve their concerns (Kaugars & Russ, 2001). Even the most troubling problems can be confronted in play therapy and lasting resolutions can be discovered, rehearsed, mastered and adapted into lifelong strategies (Russ, 2004).

#### Who Benefits from Play Therapy?

Although everyone benefits, play therapy is especially appropriate for children ages 3 through 12 years old (Carmichael, 2006; Gil, 1991; Landreth, 2002; Schaefer, 1993). Teenagers and adults have also benefited from play techniques and recreational processes. To that end, use of play therapy with adults within mental health, agency, and other healthcare contexts is increasing (Pedro-Carroll & Reddy, 2005; Schaefer, 2003). In recent years, play therapy interventions have also been applied to infants and toddlers (Schaefer et. al., 2008).

#### How Will Play Therapy Benefit A Child?

Play therapy is implemented as a treatment of choice in mental health, school, agency, developmental, hospital, sidential, and recreational settings, with clients of all ages (Carmichael, 2006; Reddy, Files-Hall, & Schaefer, 2005).

Play therapy treatment plans have been utilized as the primary intervention or as an adjunctive therapy for multiple Social, Emotional, and Behavioral Disorders (https://a4pt.site-ym.com/page/SocialEmotionalBehav) (Bratton, Ray, Rhine, & Jones, 2005; LeBlanc & Ritchie, 2001; Lin & Bratton, 2015; Ray, Armstrong, Balkin, & Jayne, 2015; Reddy, Files-Hall, & Schaefer, 2005), e.g. anxiety disorders, obsessive-compulsive disorders, depression, attention deficit hyperactivity, autism spectrum, oppositional defiant and conduct disorders, anger management, crisis and trauma, grief and loss, divorce and family dissolution, academic and social developmental, and physical and learning disabilities.

Research supports the effectiveness of play therapy with children experiencing a wide variety of social, emotional, behavioral, and learning problems, including: children whose problems are related to life stressors, such as divorce, death, relocation, hospitalization, chronic illness, assimilate stressful experiences, physical and sexual abuse, domestic violence, and natural disasters (Bratton, Ray, Rhine, & Jones, 2005; LeBlanc & Ritchie, 2001; Lin & Bratton, 2015; Ray, Armstrong, Balkin, & Jayne, 2015; Reddy, Files-Hall, & Schaefer, 2005). Play therapy helps children:

- Become more responsible for behaviors and develop more successful strategies.
- Develop new and creative solutions to problems.
- Develop respect and acceptance of self and others.
- · Learn to experience and express emotion.
- Cultivate empathy and respect for thoughts and feelings of others.
- Learn new social skills and relational skills with family.
- Develop self-efficacy and thus a better assuredness about their abilities.

Meta-analytic reviews of over 100 play therapy outcome studies (Bratton, Ray, Rhine, & Jones, 2005; LeBlanc & Ritchie, 2001; Lin & Bratton, 2015; Ray, Armstrong, Balkin, & Jayne, 2015). have found that the over-all treatment effect of play therapy ranges from moderate to high positive effects. Play therapy has proven equally

effective across age, gender, and presenting problem. Additionally, positive treatment effects were found to be greatest when there was a parent actively involved in the child's treatment.

#### How Long Does Play Therapy Take?

Each play therapy session varies in length but usually last about 30 to 50 minutes. Sessions are usually held eekly. Research suggests that it takes an average of 20 play therapy sessions to resolve the problems of the cypical child referred for treatment. Of course, some children may improve much faster while more serious or ongoing problems may take longer to resolve (Carmichael, 2006; Landreth, 2002).

#### How May My Family Be Involved in Play Therapy?

Families play an important role in children's healing processes. The interaction between children's problems and their families is always complex. Sometimes children develop problems as a way of signaling that there is something wrong in the family. Other times the entire family becomes distressed because the child's problems are so disruptive. In all cases, children and families heal faster when they work together.

The play therapist will make some decisions about how and when to involve some or all members of the family in the play therapy. At a minimum, the therapist will want to communicate regularly with the child's caretakers to develop a plan for resolving problems as they are identified and to monitor the progress of the treatment. Other options might include involving a) the parents or caretakers directly in the treatment by modifying how they interact with the child at home and b) the whole family in family play therapy (Guerney, 2000). Whatever the level of involvement of the family members, they typically play an important role in the child's healing (Carey & Schaefer, 1994; Gil & Drewes, 2004).

#### Who Practices Play Therapy?

The practice of play therapy requires extensive specialized education, training, and experience. A play therapist is a licensed mental health professional who has earned a Master's or Doctorate degree in a mental health field with considerable general clinical experience and supervision.

<sup>1</sup>/Vith advanced, specialized training, experience, and supervision, mental health professionals may also earn the gistered Play Therapist (RPT), Registered Play Therapist-Supervisor (RPT-S) or School Based-Registered Play Therapist (SB-RPT) credentials<sup>1</sup> conferred by the Association for Play Therapy (APT).

Hubert,

Thanks for this information. We are excited to learn more about how we can service the students in Chambers county!

As per our conversation I want to share some answers to questions and our plans for your program:

- 1. Clients will be seen by the same therapist consistently once they begin treatment.
- 2. NewPath has a therapist that is available more during the day before 5pm and two additional therapist that only see clients after 4pm. They will coordinate schedules to service the clients.
- 3. NewPath will want to grow to have a full counseling office in Chambers county at some point but will start off with what is offered by the hospital district.
- 4. Vicki Melancon is not currently contracted with NewPath. We sent bios of the therapist that could potentially work with clients in Chambers county in our proposal.
- 5. We would welcome marketing budget funds with advertising within the county through Google ads and social media ads we have staff that take care of marketing.
- 6. We have discussed with Riceland about using additional office space at the hospital in the future as the program and needs of the county increase.
- 7. Mental health is our main focus and we work hard to build programming in underserved areas. We have a track record of doing this well and with expertise.

Please let us know if you have additional questions.

Thank you,

#### Scope of Services

As an intern, I have not begun a billing procedure.

My approach to counseling procedures is a mixture of theories. Since each client is unique one approach may not fit a different client. I tend to use humanistic approach most often. This theory focuses on the present and helps the client reach his/her highest potential. Instead of focusing on past or present behaviors, this theory approach supports the goodness of all people and emphasizes self-growth. It is a client-centered therapy which focuses on the belief that clients control their own destinies. This approach emphasizes genuine care and empathy.

Cognitive theory is another approach that I have found successful. This counseling theory focuses on how peoples' thinking can change feelings and behaviors. It focuses on changing the distorted thoughts the client has of him/herself.

I also, use holistic/integrative therapy which integrates various elements of different theories. It might combine talk therapy, guided imagery, and cognitive behavioral therapy.

Working with clients after school and in the evenings would not be a problem for me, since I live alone and have no time restraints. My job at Riceland Behavioral Unit would not interfere with the East Chamber initiative. I can work around my schedule here.

Scott,

We will be sure to pass this along on Wednesday. By way of background, the reason we got into this LPC child therapist arena is because some residents who do a youth program at the Catholic church came to us and said the youth in the area needed someone to talk in an environment away from school or, in some cases, the home. At the time, the thought was that the children would be more likely to see a counselor if they were able to do it privately (i.e., where their friends would not know what they were doing).

Good morning Sherri and Hubert,

I appreciate receiving the notices of the meetings and want to reiterate how much we appreciate the WSHD for supporting the children of the community by providing health services through the agreement we have with you.

I noticed that there will be discussion of hiring a youth counselor, and I wanted to weigh in on it a bit. I have been discussing with my principals who have been asking how we could get some additional assistance with a licensed professional counselor who had no other duties except to counsel students; however, there simply isn't funding for it. We have four counselors; one at each campus, and that's all the budget will allow and their duties include extensively more than just counseling students. I was simply wondering if the district might want to participate with us on securing an LPC that may could work for you and the district with some shared costs? If this is something that you would not be interested in talking about, I understand and you can just delete this. If, on the other hand, you believe the directors might be interested, let me know.

#### Section 1. Definitions

Capitalized terms not defined elsewhere herein have the respective meanings ascribed to such terms in the Agreement.

"Agreement" means with respect to each Depositor an Agreement to Secure Public Unit Deposits among the Member, such Depositor, and the Custodian substantially in the form of Exhibit I attached hereto pursuant to which the Parties have decided to make a portion of the proceeds of the Letter of Credit available to the Depositor to collateralize the Depositor Accounts as outlined in such agreement and which such agreement incorporates the Terms and Conditions herein.

"Allocated Letter of Credit Amount" means with respect to each Public Unit Beneficiary the dollar amount that the Public Unit Beneficiary may from time to time instruct, in accordance with these Terms and Conditions, the Custodian to draw under the Letter of Credit and remit to the Public Unit Beneficiary, as such amount is reduced from time to time by any amounts the Custodian draws under the Letter of Credit and remits to such Public Unit Beneficiary, and includes the Public Unit Beneficiary's Allocated Share of any Cash Collateral that the Custodian holds on behalf of one or more Public Unit Beneficiaries.

"Allocated Share" means with respect to any Public Unit Beneficiary Cash Collateral multiplied by a percentage, the numerator of which is the Public Unit Beneficiary's Allocated Letter of Credit Amount and the denominator of which is the aggregate Allocated Letter of Credit Amounts of all Public Unit Beneficiaries, both calculated immediately prior to a draw under the Letter of Credit by the Custodian pursuant to Section 4.6 of these Terms and Conditions.

"Public Unit" means any state, county, city, municipal, or other local government and any subdivision or agency of any of the foregoing.

"Public Unit Beneficiary" means any Public Unit that has entered into an agreement with and among the Custodian and the Member, substantially in the form of the Agreement, pursuant to which the proceeds of the Letter of Credit are available to collateralize Public Unit Deposits, and, for the avoidance of doubt, Public Unit Beneficiary includes the Depositor.

"Term" means the period commencing on the Effective Date and ending on the Termination Date.

"Termination Date" means the earlier of (i) the date on which the Parties agree in writing to terminate the Agreement and (ii) the date by which the Custodian has drawn under the Letter of Credit the full amount of the Allocated Letter of Credit Amount of the Depositor and remitted the proceeds of such draw under the Letter of Credit to the Depositor.

"Termination Time" means the close of business on the Termination Date.

#### Section 2. Rights and Obligations of the Member

2.1 The Member covenants that during the Term it shall cause the Letter of Credit to remain in full force and effect and in an amount, together with Cash Collateral held by the Custodian on behalf of Public Unit Beneficiaries, equal to or greater than the aggregate Allocated Letter of Credit Amounts of all Public Unit Beneficiaries.

2.2 The Member covenants that during the Term it shall cause the Allocated Letter of Credit Amount of the Depositor at all times to be equal to or greater than 105% of the aggregate amount of uninsured funds in the Depositor Accounts, as such amount may change from time to time.

2.3 From time to time, the Member, the Custodian, and the Depositor shall execute an Agreement directing the Custodian to increase the Allocated Letter of Credit Amount of the Depositor; provided, however, that the Parties acknowledge that any such increase in the Allocated Letter of Credit Amount of the Depositor pursuant to an Agreement shall become effective only upon, and at the time of, the Custodian's written acknowledgement of such instruction.

2.4 Provided that it is not in default of any of its obligations under the Agreement or any agreement governing the Depositor Accounts, the Member shall be entitled to require the Depositor to execute and deliver to the Custodian (with a copy to the Member) a written instruction, in the form attached hereto as Exhibit II (each an "Exhibit II Instruction"), instructing the Custodian to reduce the Allocated Letter of Credit Amount of the Depositor in accordance with the provisions of Section 3.1 of these Terms and Conditions; provided, however, that the Parties acknowledge that: (i) the Custodian shall have no obligations to ascertain whether the Member has any rights under this Section 2.4; (ii) that the Custodian shall be obligated to reduce the Allocated Letter of Credit Amount of the Depositor only

upon the receipt of an Exhibit II Instruction executed by the Depositor and the Member; and (iii) that any such decrease shall become effective only upon, and at the time of, the Custodian's written acknowledgement of such instruction.

2.5 The appointment of a conservator or receiver for the Member shall be deemed to be a breach of the Member's obligations under Section 2.2 of these Terms and Conditions.

#### Section 3. Rights and Obligations of the Depositor

3.1 Provided that the Member is not in default of any of its obligations under the Agreement or any agreement governing the Depositor Accounts, the Depositor shall from time to time, at the request of the Member, execute and deliver to the Custodian (with a copy to the Member) an Exhibit II Instruction, instructing the Custodian to reduce the Allocated Letter of Credit Amount of the Depositor by an amount equal to the amount by which the Allocated Letter of Credit Amount of the Depositor exceeds the aggregate amount of funds (including accrued interest, if any) in the Depositor Accounts; provided, however, that the Parties acknowledge that: (i) the Custodian shall have no obligations to ascertain whether the Depositor has any obligation under this Section 3.1; (ii) that the Custodian shall be obligated to execute any such acknowledgement only upon the receipt of the written instruction provided for in this Section 3.1; and (iii) any such decrease shall become effective only upon, and at the time of, the Custodian's written acknowledgement of such instruction.

3.2 If, at any time during the Term, the Member is in default of any of its obligations under the Agreement or any agreement governing the Depositor Accounts, the Depositor may execute and deliver to the Custodian a written instruction, in the form attached hereto as Exhibit III (each an "Exhibit III Instruction"), instructing the Custodian to draw under the Letter of Credit an amount equal to the lesser of (i) the Allocated Letter of Credit Amount of the Depositor and (ii) the aggregate amount of funds (including accrued interest, if any) in the Depositor Accounts and to remit to the Depositor the proceeds of such draw under the Letter of Credit.

3.3 The Depositor agrees that its receipt of any and all funds pursuant to Section 3.2 of these Terms and Conditions shall (i) reduce the Allocated Letter of Credit Amount of the Depositor by the amount of funds received by the Depositor from the Custodian and (ii) be deemed to be withdrawals from such of the Depositor Accounts, as the Depositor shall in its discretion determine. The Depositor agrees to notify the Member promptly of those Depositor Accounts from which withdrawals pursuant to this Section 3.3 have been made.

#### Section 4. Rights and Obligations of the Custodian

4.1 The Custodian shall not enter into any agreement or execute any other document or instrument (including without limitation an Agreement) if as a result the aggregate Allocated Letter of Credit Amounts of all Public Unit Beneficiaries shall exceed the sum of (i) the amount available to be drawn by the Custodian under the Letter of Credit and (ii) the aggregate amount of the Cash Collateral held by the Custodian.

4.2 Subject to the provisions of Section 4.1 of these Terms and Conditions, upon the receipt of an executed Agreement from the Member and the Depositor, the Custodian shall within one (1) Business Day either (i) acknowledge in writing the Agreement, increase the Allocated Letter of Credit Amount of the Depositor by the amount of increase specified in such Agreement, and deliver to the Member and the Depositor a copy of such Agreement; or (ii) reject such Agreement and promptly notify the Depositor and the Member of such rejection.

4.3 Upon the receipt of an Exhibit II Instruction from the Depositor and the Member, the Custodian shall acknowledge in writing the Exhibit II Instruction, decrease the Allocated Letter of Credit Amount of the Depositor by the amount of the decrease specified in such Exhibit II Instruction, and deliver to the Member and the Depositor a copy of such written acknowledgement.

4.4 Upon the receipt of an Exhibit III Instruction, the Custodian shall draw under the Letter of Credit and remit to the Depositor the amount specified in such Exhibit III Instruction; provided, however, that the Custodian shall have no obligation to draw under the Letter of Credit the amount specified in such Exhibit III Instruction to the extent that such amount exceeds the Allocated Letter of Credit Amount of the Depositor; and provided further, that the Custodian may reduce the amount it draws under the Letter of Credit by the amount of the Depositor's Allocated Share of Cash Collateral held by the Custodian. Any amount remitted to the Depositor pursuant to this Section 4.4 shall automatically reduce the Allocated Letter of Credit Amount of the Depositor.

4.5 The Parties agree that the Custodian shall be entitled to rely on any document, including without limitation any Agreement, any Exhibit II Instruction, or Exhibit III Instruction, that is or purports to be executed by an officer, employee, or agent of the Party on behalf of which such document is executed.

4.6 To the extent that: (i) the Letter of Credit or any portion thereof is scheduled to expire, (ii) such expiration would result in the aggregate Allocated Letter of Credit Amounts of all Public Unit Beneficiaries to exceed the sum of (a) the amount available to be drawn under the Letter of Credit after such expiration and (b) Cash Collateral held by the Custodian prior to such expiration, (iii) the Member does not, on or before such expiration date, cause either the maturity date of the expiring portion of the Letter of Credit to be extended by no fewer than thirty (30) days or the expiring portion to be replaced with one or more letters of credit issued by FHLBank Dallas for the benefit of the Custodian and having maturity dates at least thirty (30) days beyond the maturity date of the expiration date, cause the executed by the Member, FHLBank Dallas does not, on or before such expiration date, cause the expiring portion to be replaced with one or more letters of credit issued by FHLBank Dallas for the benefit of the Custodian and having maturity dates at least thirty (30) days beyond the maturity dates at least thirty (30) days beyond the maturity dates of credit, and (iv) pursuant to the terms of the Application For Standby Letter of Credit Advances executed by the Member, FHLBank Dallas does not, on or before such expiration date, cause the expiring portion to be replaced with one or more letters of credit issued by FHLBank Dallas for the benefit of the Custodian and having maturity dates at least thirty (30) days beyond the maturity date of the expiring portion of the Letter of Credit, the Custodian shall draw under the Letter of Credit.

4.7 The proceeds of any and all draws under the Letter of Credit pursuant to Section 4.6 of these Terms and Conditions (the "Cash Collateral") shall be retained by the Custodian for the benefit of the Public Unit Beneficiaries. The Custodian may reduce the amount that it is otherwise obligated to draw under the Letter of Credit pursuant to any Exhibit III Instruction to the extent that Cash Collateral is used to remit to the Depositor the amount specified in such Exhibit III Instruction.

#### Section 5. Term and Termination

The Agreement shall continue in full force and effect until the Termination Time.

#### Section 6. Indemnification

The Member hereby agrees to indemnify and hold harmless the Custodian and the Custodian's officers, directors, employees, and agents from and against any losses, damages, expenses (including reasonable attorneys' fees and costs), costs, penalties, and liabilities (each a "Claim") that arise out of or in connection with (i) the Custodian's performance of its duties under the Agreement and (ii) any action or claim against the Custodian by a third party (including the Depositor) arising from or related to the Member's performance of, or failure to perform, its obligations under the Agreement or the Member's breach of any representation, warranty, or covenant hereunder. To the extent that the amount available to be drawn under the Letter of Credit exceeds the aggregate Allocated Letter of Credit Amounts, the Custodian may draw under the Letter of Credit to reimburse itself for any Claim. The Member's obligations under this Section 6 shall survive the expiration or termination of the Agreement.

#### Section 7. Representations and Warranties

Each Party represents and warrants to the other Parties that it is duly organized and in good standing under the jurisdiction of its organization; that the execution and delivery of the Agreement has been duly authorized by all required corporate action; and that no contract or other obligation by which the Party is bound prohibits or restricts the Party's executing, delivering, or performing its obligations under the Agreement.

#### Section 8. Notices

Any notice required or permitted to be given or made under the Agreement or any Exhibit Instruction to the Agreement, including a notice to effect a change in a Party's address or facsimile number for notice, must be in writing and addressed to the Party or Parties at the address or facsimile number of the Party or Parties set forth in the Agreement, as amended in accordance with this Section 8, and will be deemed to be properly given or made on the earliest of (i) actual delivery, (ii) two (2) Business Days after being sent, with delivery charges paid by the sending party, by a nationally recognized commercial courier service for delivery on the next Business Day, (iii) three (3) Business Days after being sent through the United States Postal Service, certified mail, return receipt requested, postage prepaid and (iv) on the day of delivery (or the next Business Day if such day is not a Business Day) by confirmed facsimile transmission; provided, however, that any Exhibit Instruction shall be deemed to have been received by the Custodian only upon the Custodian's actual receipt of such Exhibit Instruction.

#### Section 9. Miscellaneous

9.1 The Agreement, which includes these Terms and Conditions and any Exhibit Instructions to the Agreement, represents the entire agreement of the Parties and supercedes all prior written and oral agreements and understandings of the Parties with respect to the subject matter of the Agreement.

9.2 The Agreement may be amended only by a writing executed by a duly authorized representative of each Party.

9.3 If any provision of the Agreement is found invalid or unenforceable, the remainder of the Agreement shall remain in full force and effect and the invalid or unenforceable provision shall be deemed amended to the least extent necessary to eliminate such invalidity or unenforceability and to carry out the intention of the Parties.

9.4 No Party shall have the right to assign its rights or delegate its duties under the Agreement without the prior written consent of the other Parties, which will not be unreasonably withheld or delayed, provided the assigning or delegating Party continues to be liable to the other Parties for the performance of the assigning or delegating Party's obligations under the Agreement.

9.5 In the event of any conflict between any provision of the Agreement and any Exhibit Instruction to the Agreement, the provisions that require the higher degree of performance in favor of the Bank shall govern.

9.6 The Agreement shall be governed by the applicable law of the United States of America and the law of the State of Texas without regard to its choice of law provisions.

9.7 The Agreement may be executed in two or more counterparts each of which shall be an original and all of which together shall constitute one and the same agreement.

9.8 No Party shall be liable for any failure or delay in its performance under the Agreement if such performance is prevented, hindered, or delayed by reason of any cause beyond its reasonable control, including without limitation any labor dispute, strike or other industrial disturbance, act of God, flood, earthquake, casualty, war, act of public enemy, riot, insurrection, embargo, law or court action, or regulation or order of any governmental agency or subdivision thereof (each a "Force Majeure Event"). If a Force Majeure Event occurs, a Party's time to perform any obligation under the Agreement shall be extended by a period of time equal to the period during which the Force Majeure Event prevented the Party's performance of its obligations.

9.9 The headings used in the Agreement are for convenience of reference only and shall not affect the construction or interpretation of the Agreement.

9.10 Member, Depositor and Custodian may enter into one or more depository pledge agreements or similar document from time to time (each a "DPA"). For the avoidance of doubt, nothing contained in this Terms and Conditions is intended to alter or abridge the rights and obligations of the parties to the DPA. In addition, language in the DPA to the effect that any prior agreements between Depositor and Member relative to the subject matter of the DPA are terminated as of the effective date of the DPA shall not apply to this Terms and Conditions.

IN WITNESS WHEREOF, the Parties have executed this Terms and Conditions as of the Effective Date.
